## Dimensions (mm)

A - Width  
B - Height  
C - Length  
D - Wheelbase  
E - Chassis Height (From ground)  
F - Usable Chassis Length

## Chassis Cab

1420  
1961  
3680  
1970  
706  
2163

## Technical Specifications

|   |  |
|---|--|
| Battery Capacity                            | 10,5   15,7   21 kWh   |
| Range                                       | 100   135   170 km   |
| Engine Power                                | 9,4 kW   |
| Max Speed                                   | 45 km/h  |
| Payload                                     | Up to 1000 kg  |
| Curb Weight                                 | 600 Kg   |
| Towing Capacity                             | 300 kg   |
| Cargo Volume                                | Up to 4 m <sup>3</sup>   |
| Gradeability*                               | Up to 23%  |
| Brake System                                | Hydraulic, Front: Disc   Rear: Drum  |
| Suspension                                  | Front: Independent Triangular McPherson Type<br>Rear: Rigid, Leaf Spring + Shock Absorbers |
| Vehicle: 2 Years (+2 / +3 Years Optionally) |  |
| Battery: 5 years / 2000 Cycle               |  |
| Warranty                                    |  |

\*For 1730 kg GVW

## Charging Type

|   | 10,5 kWh<br>Charging Time | 15,7 kWh<br>Charging Time | 21 kWh<br>Charging Time |
|---|---------------------------|---------------------------|-------------------------|
| 3.3 kW charging power (Type 2), Standart wall type charging | 5 h                       | 7 h 45 min                | 9 h 45 min              |
| 3.3 kW charging power (Type 2), Industrial type charging    | 5 h                       | 7 h 45 min                | 9 h 45 min              |
| 6.6 kW charging power (Type 2), Industrial type charging    | 2 h 15 min                | 3 h 15 min                | 4 h                     |
| 15 kW charging power, (DC)                                  | 2 h 15 min                | 2h 30 min                 | 2h 30 min               |

\*Values may vary according to ambient conditions

\*\*All AC charging options can be charged with a wallbox.

\*\*\*All data presented in this brochure are based on WLTP test values. Specifications may differ on the production vehicle depending on the market.
